

TRUTH ABOUT BOND ISSUE

To the Voters of Rockcastle County:

We are now coming near to the day on which we shall settle the question of whether or not we shall begin building roads of some permanent value in this county by issuing bonds for this purpose. There has been a great deal said on both sides of this bond question and much that is true and some that is not true. All our citizens are more or less interested and ought to try to know the truth about the whole matter. We should know that what is for the general good is that is best for us all. We should lay aside all prejudice and in all our contentions stick closely to the truth and we should certainly make no statements that we know to be false. We all live here and expect to live together as neighbors and we should be careful to do no one an injustice in any discussion of this matter. I want to do what I think is the best for all our citizens and I know that most of our people are the same way but some may let their feelings get the better of their judgment and might be led to make assertions that cannot be established as true. Let's be careful along this line and not be guilty of misleading any man.

Our county has altogether a little more than \$3,000,000.00 of taxable property and we are now hoping to issue \$100,000.00 in bonds at 5 per cent interest. Let's see if we are able to borrow this much money and not injure ourselves. If you will make some figures, you will find that if we borrow \$100,000.00, it will be just 34 per cent on our taxable property. If a man is worth in taxable property \$1000.00, this debt will amount to \$33.33 for his part. (If the county had to pay the entire \$100,000.) If he is worth \$3000.00 in taxable property, his part of this \$100,000.00 will be just \$100.00 and no more. If you own 10,000 dollars worth of taxable property, you will pay \$333.33 and no more. Do you think if you were worth \$1,000,000.00 it would hurt you to actually pay this \$333.33 right now to get this road building started. Notice that in this estimate I am not assuming that we get any help from anybody and I would be willing to mortgage my property to get my part of this fund if there was no other way that I could raise it. But THE STATE WILL PAY HALF OF THIS MONEY FOR ME. Going back to our ability to stand this debt, would you be afraid to borrow \$100.00 at 5 per cent if you were worth \$3,000.00? Would you be afraid that some one would sell your home and take everything you possessed to pay this \$100.00, your part of the \$100,000.00 bond issue? Well, I am sure you would not. You would never lose one minute's sleep on the subject. It is nonsense to tell people that they will not be able to pay out of debt and this is not counting the state to pay one cent BUT IT WILL PAY ITS HALF and every man of reasonable sense knows that it will, and the state will be just as liberal as possible in this matter and is anxious to co-operate with our people to build good roads as we know it is to the best interest of the people of this Commonwealth.

If we make a bond issue of \$100,000.00, the L. & N. R. R. Co. will (on the \$100,000 basis) stand \$42,000.00 of it according to their valuation of last year. It is more than probable that we shall see their property increased in assessment within the next year or so. If that company should put up a fight against this bond issue, there would be some reason in it considering the large amount they would have to pay. They do not discredit the State of Kentucky in this matter as some of our citizens are doing but say that they are willing to help the State of Kentucky and all the counties therein to make good pikes. This is quite liberal on the R. R. Co's part and I am sure that they would oppose it if it should be the opinion of its officers that they would be sold out to pay the debt. This R. R. Co. has over \$1,200,000.00 worth of property in this county according to assessment of last year. Do you think there would be an effort made to sell out some poor little farmer when all the property of the R. R. Co. would be behind this bond issue? To state the same proposition in another simple way: Of the \$100,000 bond issue the state will pay \$50,000 of this amount the railroads and corporations, including the towns, will pay \$30,000, with only \$20,000 for the land owners and others of Rockcastle to meet, with ample time given. Yearly tax rate of 20 cents per \$100. would place the amount of tax on \$500. taxable property at \$1. on a \$1500 property the tax would amount to only \$3.00. On a \$300, farm the tax would only be 60 cents.

We that have some property in this county have great reason to be thankful that we are at peace and have good credit since so many nations of the earth are at war and engaged in the wholesale destruction of life and property. We have a great many people who are needing employment at this time and we are fortunate to be in position to put them to work and at work at some thing that will be of permanent use to us. The time has passed that a man can support his family by working at 50 and 75 cts per day and the labor of this county is entitled to better wages than some of our people have been in the habit of paying. Most of the men who are opposing the bond issue will be glad to employ the day laborer at about 75 cts per day from sun up until sundown. If you will look over the list of the men fighting against our progress, you will find a number of men who are not noted for the good wages they have paid.

In looking over the tax book for last year, we find that we have very few citizens whose property amount to as much as \$10,000.00 for taxation. It would interest you to ask the sheriff of this county what amount of property some of our citizens, opposing the bond issue, are paying. To hear them talk, you would think that they are paying most of the taxes of the county and that they are running around in great distress when as a matter of fact, the amount of tax they would pay amounts to only a drop in the bucket of the county's revenue. We should not like to mention names but ask a few questions for yourself. The sheriff will tell you if you ask him.

The argument has been made that the people who would spend this money would squander it. I am sure that this not the case as the men who handle this money will be placed under heavy and satisfactory bond to protect it. The money will have to be properly spent and work done in proper manner before the fund can be paid out.

It has been stated that I would be greatly benefitted by this bond issue, I think so too, and every man who lives in this county will also be benefitted. What helps me will help every other citizen of this county. The men who are now needing work will be helped more than I shall be and I think it is the duty of the property owners in this county to give the laborers work if they can do so without great personal sacrifice. We can give our men here work if we will vote this bond issue and bring plenty and comfort to many poor fam-

ilies here who are positively in need for necessities of life. It would be extremely selfish for us to refuse to help these people when we can do so at our own advantage. There is too much selfishness in this world and it has brought a great deal of trouble to our people and will continue to do so. We should be more willing to help our fellow men that are in distress. Instead of calling meetings and accusing our fellow citizens of all kinds of intended rascality, it would be much better to be trying to advise some plan by which we could give our men something to do. They have little children to feed and clothe and it would be much more to your credit Mr. Mud roads man if you were trying to provide something for their fathers to do.

I understand that it has been told, that I would not give employment to anyone opposing the bond issue. This is not true and I guess all the men who have worked for me heretofore are posted about this matter and know that I have not used any such language and this story is something like I heard that one of my good neighbors said, One is reported to have said that we hope our quarries would not turn another wheel as in that case, he would be able to hire all the help he wanted at 75 cts or less per day. This is hard to explain but I feel that very few of our men who have worked with me so long in the quarries will be found among the men fighting against our county's welfare.

Yours For Two Pikes across county and for pikes in other portions of county at earliest date possible.

It ought not to be the duty of
one man to remind another of the
duty to which he owes society,
nor the injury to it which will
be brought about by his par-
ticipation from a niggardly or
selfish phase. But the machinery
which is known as the brain of
man is filled with complex
strangeness, inasmuch that some
of us, perforce, must reason with
the rest of us, at times about
the simplest propositions for the
benefit of all of us. Just so is
the state of affairs now in just a
few localities; and it is so provok-
ing that if we did not know so
well those who are of the dis-
temper, we would first suggest a
court of inquiry into their mental
condition. Truly the facts seem
to justify it, for the reason, in
many instances, the aberrations
are noticeable among the usually
most level headed citizens as
well as those less well informed.
But what's the use to worry?
The bond issue will carry over-
whelmingly.

To-MORROW March 27th, 1915
Rockcastle county will begin a
new era. If the people vote the
bond issue we will take our place
among the enlightened, the pro-
gressive, the inventive and the
ambitious. All are commendable
words in our English and those
of us who do not feel fit to honor
them we hope will retire to the
rear and preserve their self
respect by looking after the
culinary duties of the household.
Certainly they have no place on
the field of action and are a
handicap to the common weal.
But, perhaps there are no such
people among us now, claiming
suffrage, who are of this class.
We are inclined to think the bond
issue will carry practically
unanimously.

To-MORROW the voters of Rock-
castle will pull the wagon of hope
from the mire and mud and place
it upon the highway of progress,
success and usefulness.

A VOTE against the bond issue
Saturday, is a vote to retain the
militia system of working roads
in county which has proved almost
worthless.

The following is a petition
which is being circulated through-
out the United States and which
the school children of Rockcastle
will be asked to sign. The Ken-
tucky Federation of Women's
Clubs of Kentucky has the matter
in charge. Miss Rose McCord,

We, the undersigned, Children

let the difference of warring na-
tions be submitted to the Hague
Tribunal for amicable and just
settlement, and to promise to
adjust all future differences
peacefully in the same way. We
are the children and grandchildren
of your former subjects; many of
us are tied by blood and affec-
tion to the soldiers now contend-
ing in their death struggle on
different sides of this combat; we
implore you to stop the frightful
slaughter, for to us it seems like
savagery fighting against civili-
zation. We beg this on behalf of
the helpless children of Europe
and Asia, who are being irrepar-
ably degraded by the heinous
conditions created by war."

Whatever effort has been made
so far, toward peace has been
undertaken by men and women,
and should this appeal of the
children have no effect upon these
engaged in this cruel war, their
act will surely have an influence
upon their lives, and serve a
noble purpose; for the children of
today are potentially the citizens
of the next generation and the
injunction to us is to "Train up
a child in the way he should go."

It is unmistakable the duty
of every lover of peace to exert
all the influence possible for the
attainment of this end, and as
every effort has seemingly failed,
we can try this; trusting for its
fulfillment in the promise of the
old Prophet who has said "The
wolf also shall dwell with the
lamb, and the leopard shall lie
down with the kid; and the calf
and the young lion and the fatling
together; and a little child shall
lead them".

Mr. H. G. Edwards who is here on a visit from Phoenix, Arizona, is killing two birds with one stone. Besides visiting his friend, and relatives he is also boosting Phoenix's new Hotel, The Jefferson, a new \$175,000 structure, owned by a stock company, of which Mr. Edwards is a stockholder and one of the directors. The Jefferson has 150 rooms, modern and up-to-date. Mr. Edwards is urging those who go to San Francisco to stop at Phoenix and see one of the best western towns.

JUDGE BETHURUM COMPLIMENTED.

Evangelist J. H. Dew commenting in his sermon Monday night at the Baptist Church upon Judge Bethurum's charge to the Grand Jury, said in substance: "I heard your Circuit Judge today tell the Grand Jury to get after the liquor sellers and bootleggers. It was a strong and courageous appeal to them to assist in crushing out this mighty evil. He told them what to do and exhorted them to spare no one in their investigations. After I heard him I resolved in my heart to fight this devilish business to the finish, and not to rest satisfied until it is driven from the American continent."

"We are announcing the candidacy of W. C. Black, of Barbourville, Ky., for State Senator from this district, and in this connection it pleases us to testify that our long and intimate acquaintance with Mr. Black warrants the unqualified statement from us that he would make an ideal Senator. He is good stock, a good Republican and is not a cursed fool partisan, to the detriment of himself and the office to which he aspires."

If he should be elected there is no doubt he would work faithfully for the people of his district and that his rank and gentlemanly note would reward his efforts." Judge Chas., Hurd in the "Pinnacle News of Mch. 18th."

CONCERT BY TRANSYLVANIA GLEE CLUB

The Glee Club from Transylvania University will give a concert in the Graded school chapel on Thursday night of next week, April first. The Glee Club is composed of twenty-one students from the University and is under the direction of Prof. Delcamp. These young men have been very carefully selected and trained. They have given concerts for several seasons and have been favorably received in the best towns of central Kentucky. We are very fortunate in securing them, and could not have done so had it not been that they are to be at Lancaster on Tuesday evening and at Stanford on Wednesday evening.

Tickets will be placed on sale Saturday. The price will be as follows: Adults 35 cts., school children over twelve years of age 25 cts. and all children under twelve 15 cts. I know these men personally, have heard them sing on several occasions and do not hesitate to give them an unqualified endorsement.

BRODHEAD

Mrs. Granville Owens died at her home here Thursday morning at 2 o'clock after a lingering illness of sixteen months. No one was ever more patient in their suffering, more cheerful during an affliction than was Mrs. Owens. Her health failed her during the fall of 1913 while nursing her father and mother, and was forced to leave their bedside and return home, where she had been confined most of the time until death relieved her of her sufferings. She was born in Pendleton county, Kentucky in the year 1867, being past 47 years old. Her father, John T. Cherry, died March 8, 1913, and her mother, Mrs. Sarah Cherry, died Oct. 3, 1913. She married Granville Owens, present Postmaster here, several years ago, and to this union were born three children, Mrs. Virgil Martin, Byron Owens, a teacher in our graded school and little Delmas, a boy of some 10 years of age, all of whom were present when the death Angel called their mother to that realm beyond the skies. Beside the heart broken husband and children she is survived by one brother, J. Thos. Cherry, a prominent merchant of Crab Orchard, and a sister, Miss Leva Cherry, of this place. Funeral services will be held at the Baptist church to-day at 1 o'clock by the Rev. Jesse Beagle, of Lancaster Kentucky, a relative of the family, and one of the most forceful speakers in that part of the state. We extend to the family and relatives much sympathy.

Henry Pilkerton, a nephew of Prof. J. L. Pilkerton, who has been here in school for several months, returned to his home in Hardin County last Friday. Henry made lots of friends while here, and will be greatly missed.—Mrs. J. W. Tate was in Louisville during the week buying her Easter line of millinery.—Mrs. W. F. Carter is visiting relatives in Moreland, and is expected to return home tomorrow.—Mrs. Gillis Frederick, who has been quite sick for several weeks, is reported improving.—A Mr. Edwards, of Boston, Kentucky, was with his sister, Mrs. P. A. Shelton, here this week.—Our boys organized a Base Ball league at a meeting held one night this week, and claim that they will be ready by April the first, to cross bats with any team in these woods, and authorized me to say that any team wanting a good whipping, should correspond with Arthur Anderson or J. L. Pilkerton.—Tomorrow will settle the question whether the people want to be taxed to build two pikes across the county, and build them now, and use them now, or be taxed to the same extent and build a mile of pike in four directions from Mt. Vernon, each year. It is very strange that our people can never awake to a real sense of duty. It is also strange that a man will let his prejudice guide him in a direction contrary to his best interest, and help the very people to get what they want by his voting against the bond issue. After the election is over, and the shouting all done, the man who allowed his prejudice to do his voting, and awakes to the fact that his voting has materially helped the people that he thought he was helping defeat, he will then go down in some deep valley, and pray the good Lord to relieve him of such a sore affliction. Vote for what you know to be your best interest no matter if it does help your enemy.

Are you still looking thru a glass darkly, or do you see your way more plainly to favor the bond issue? I believe that should it carry it would be a great upbuilding to our country. I believe we all should look forward to what the outcome would be. No doubt there has been some exaggerating done, and you may have thought you didn't want to tax the rising generation but I believe it would help to start a road system in our county, for which the rising generation would be proud of.

I. W. RIDNLE.

The attention of the farmers of Rockcastle County is called to an advertisement elsewhere in this issue of the Kentucky Rural Credit Association, of which Gov. James B. M. Creary is President. We have examined the plans and purposes of this Association and are of the opinion that it is about the best thing that has ever been organized in the State of Kentucky for the benefit of the farmers, being a cooperative organization for securing money at 5 per cent on Long time. The association accepts your mortgage for a loan not to exceed one-half the value of your farm and makes you an uncollectable reducible loan for either 2, 3 or 50 years time. The very great advantages of this plan is that the farmers get money on their farms as cheap as other business men get it and they borrow it for a long period. They have the satisfaction of knowing they will not be called upon at the end of 6 or 12 months to pay off the whole amount, and be forced to go out and hunt up the money and have to pay a high rate of interest and also a commission to some one to secure the loan for them. Under this plan a farmer need not be afraid to borrow money to make needed improvements upon his farm because he will have time to make the farm earn the money to repay the loan. As a matter of fact the plan of the Association is to collect a small payment each year in addition to the interest rate of 5 per cent. This sum collected in addition to the interest plus 3 1/2 per cent compound interest is deducted from the loan when paid off at any time, and is sufficient to pay off the loan at the end of the period for which the loan is made. Farmers will do well to write Mr. Young or call on him at Rockcastle Hotel Mt. Vernon this week.

HOW ABOUT IT?—A dollar and a penny once happened to come together in the same pocket and the dollar at once began to put on airs like a red cow in a new barnyard. "I am a big gun" said the dollar, "and you are nobody. I am white and you are only a dull mud colored little Indian. I am religious, for I am 'all the time saying, 'In God we Trust,' and you are only a pagan. I am patriotic; for on one side I have the American eagle and on the other the Goddess of Liberty, and I buy lots of fireworks for the Fourth of July. I am heavenly minded, for I have stars to think about and you don't have anything. I am precious, for I am nice, bright silver, and everybody wants me. But you are only base copper and nobody cares a snap for you." "That may be so," said the little penny, "you may be more patriotic than I am, but I go to church and Sunday School a good deal more than you do."

PROF. V. O. GILBERT WOULD HEAD SCHOOL SYSTEM

Announces His Candidacy for Democratic
Nomination for
SUPERINTENDENT OF PUBLIC INSTRUCTION

His Life Has Been Devoted to the Work

Professor V. O. Gilbert of Franklin, assistant state superintendent, has announced himself a candidate for the Democratic nomination for state superintendent of public instruction in the August primary election.

Born and reared on a farm, experienced in the hard school of poverty, he early chose teaching for a profession and for over thirty years has faithfully and continuously worked in the public school system. Teaching in country schools, serving as county superintendent, city superintendent, being for more than six years a member of the faculty of the Western Kentucky State Normal, and having been assistant state superintendent for nearly three years and a half, has given him special training for the office he seeks.

During all these years Professor Gilbert has made a thorough study of the conditions and needs of the public schools of Kentucky. His announcement follows:

"To the People of Kentucky:

"I am a candidate for the office of superintendent of public instruction,

career at the age of sixteen in a country school, I have served as best I could as teacher in the rural schools, as county superintendent of schools, as city superintendent of schools, as instructor in one of our state normal schools and as assistant for over three years to the state superintendent of public instruction during the present administration.

"During this long career as a school man, I have never wavered in my devotion to the schools of my native state. It has been and will continue to be my life's work.

"I am familiar with all the duties of the office to which I aspire, and I am familiar with the entire field from actual experience.

"If I am nominated and elected, I pledge myself unreservedly to the following policies:

"First—To administer the office of state superintendent as economically as it can be done, consistent with efficiency.

"Second—To co-operate with the county superintendents of the state, and to aid them in every possible way

PROF. V. O. GILBERT.

subject to the action of the Democratic primary, August, 1915.

"This office is one of the greatest importance to the state, and every man who offers himself as a candidate for it should be able to give satisfactory evidence of fitness for the high position.

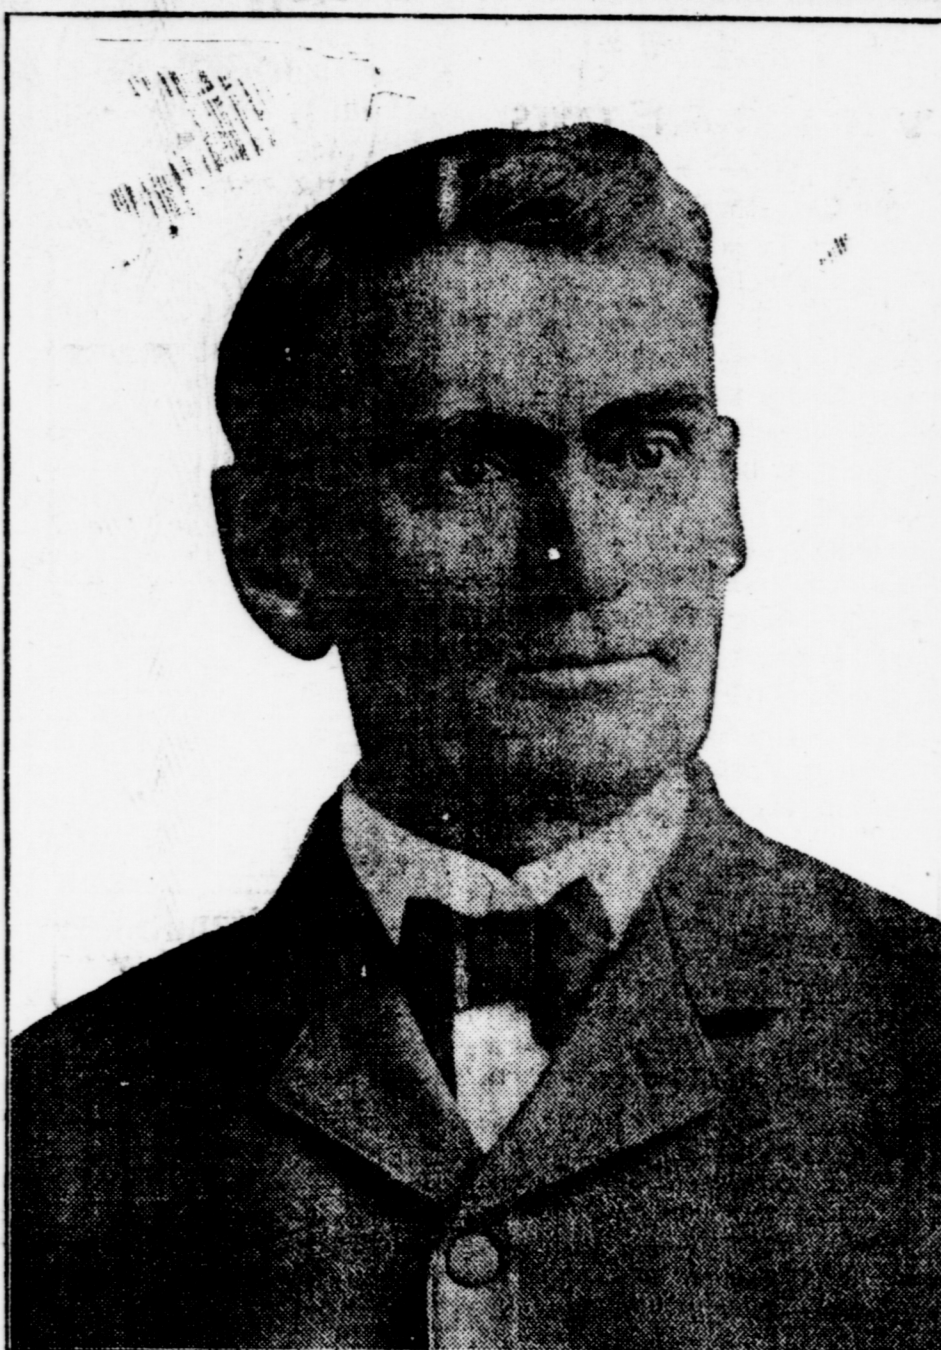

"The best evidences of fitness for any school position are devotion to the cause of education and professional training. No man is worthy of the great office of state superintendent whose life has not shown a singleness of purpose in the work of education; and no man can be capable unless he has had a rich experience in the kinds of duties that prepare one for the state superintendency. These duties are of three kinds: Actual teaching in the public schools, supervision of public schools, and administration of public schools.

"By these standards I am willing to be judged, recognizing that it is the right and the duty of the people to select the candidate best qualified by nature and training for the position.

"In the first place, I want the position and want it intensely, because it is a high honor, because it is a promotion, because it offers a field for faithful service, because I feel that I am competent to perform the duties of the office, and because I will do my very best to merit the confidence reposed in me.

"For more than twenty-two years I have given my life to school work in this my native state. Beginning my

Candidate For Nomination as Auditor of Public Accounts Is Well Known Farmer and Live Stock Man.

H. H. COLYER, RICHMOND, KY.

I AM A CANDIDATE for the responsible office of Auditor of Public Accounts of the State of Kentucky. Recognizing the important consideration given in choosing an official that will measure up to the ability and fitness for this high office, I submit the testimonials of those informed of my private life. To be Auditor of the great Commonwealth of Kentucky is not a new ambition—its honors are supreme and worth fighting for. I am not entering this contest upon the advice of a few local friends. A careful scrutiny by my friends from every section of the state of all the usual political conditions have determined that my representation in this primary is not likely to be a final second. I am a farmer and live stock dealer—I am interested in systemizing of agricultural interests for greater results and less hardships.

My political aspirations have been focused on this office for quite a while. Believing now that the election experience of the Democratic voters of Kentucky in the past has put them "wise" to the dangers and undemocratic system of swapping state offices, inspires me with the belief that the time is ripe and the voters are ready to give to Kentucky's administration what they want in the form of a square deal. I believe in fighting for justice and meriting the honors given. I believe that officials should be required to do as the toiling farmer—earn the emoluments of his office by the sweat of his brow. I believe that when every official of Kentucky has labored hard for an economical administration that the taxpayers will be greatly relieved. I am not for creating more offices, but for dispensing with every one that is superfluous. I began voting temperance, and will continue to do so as long as I have the sovereign right. I am for the election of every Democrat that is worthy enough to win his nomination, and for the defeat of every Republican, whether he won or stole his nomination, as in either case he would be wrong and never right.

If I am elected—which I believe from the public expression I will be—I promise now that the Commonwealth of Kentucky will never have a cause for suspicion of irregular management in my office; and that every employee will be of the highest type of fitness for the duties assigned. I expect to conduct my campaign on purely honorable Democratic principles. I am as much opposed to violating our election laws as I am of every other law enacted by a righteous tribunal. I hope to have the pleasure of meeting with every Democrat in Kentucky between now and the 7th day of next August. When the final results will have been declared I will cherish the memory of my supporters and will fight for Democratic supremacy.

Testimonial From Madison County Democratic Committee.

In behalf of the Democrats of Madison county, and through many other representative Democrats from other sections of the state, I take pleasure in presenting H. H. Colyer to the Democrats of Kentucky, as a man capable and worthy for the high office of Auditor of Public Accounts, which he is now seeking. He is now and has always been loyal and aggressive for the success of Democratic supremacy. His morals and integrity are above reproach. If nominated, we predict that he will lead our Democratic ticket in November.

Respectfully,
"W. A. LANGFORD,
Chairman Democratic County Committee."

The "Kentucky Register" and "Climax-Madisonian" of Richmond, Ky., say, regarding Mr. Colyer:
"It is a pleasure to endorse a man of Mr. Colyer's worth for any office that he may seek. We have known him long and intimately, and can testify to the splendid quality of his Democracy, and to the value of his services to the party. Especially does it give us pleasure to say something of his value to the newspapers of this section. He has been one of the strongest friends the craft has ever had. He has been a consistent friend of the local publishers, has supported them morally and financially, and has always taken an active interest in the uplift and advancement of the journalistic profession."

COOPER ENDORSES Y. M. C. A. WORK

Well-Known Man Becomes
More Thoroughly Identified
with Kentucky

Lexington, March 26, 1915
L. T. Cooper, the philanthropist who electrified Lexington by furnishing, at his own personal expense, the bread that is used in the Orphans' Homes in that city, who established a "Bread Line" for the indigent poor, poor, and who is conducting an agricultural exposition to encourage the farmers, whom he considers the bone and sinew of the land, became more thoroughly identified with Lexington in particular, and Central Kentucky in general, when he became a member of the Young Men's Christian Association.

Mr. Cooper was waited upon by a delegation of some of Lexington's best-known young men and invited to join the local Y.M.C.A. Mr. Cooper, a native Kentuckian, not only accepted the invitation to become a member, but he endorsed the work of one of Lexington's most deserving and commendable institutions.

The demand for Tanlac, the remarkable medicine that is now being introduced by Mr. Cooper to prove his theories on health, is now the biggest thing of the kind ever seen in this section. The preparation is accomplishing a powerful amount of good among the thousands who suffer from catarrh, stomach, liver and kidney complaints as well as rheumatism.

Hundreds of those who have actually used Tanlac talk enthusiastically about the astonishing results they obtained from the medicine.

Peter Geiser, living at 412 Clifton avenue, Lexington, said: "While I haven't used an entire bottle of Tanlac so far, yet I consider it the most wonderful medicine I have ever seen. I suffered for years with stomach and kidney trouble. I also had headaches, indigestion, and attacks of rheumatism.

"My troubles have all disappeared, and I can trace my remarkable improvement to no other cause than Tanlac. It is fine."

Tanlac can now be obtained at Mt. Vernon from Chas. C. Davis, and can also be obtained in Livingston at the Central Drug Co's Store.

FOR THE STOMACH AND LIVER

I. N. Stuart, West Webster, N. Y., writes: "I have used Chamberlain's Tablets for disorders of the stomach and liver off and on for the past five years, and it affords me pleasure to state that I have found them to be just as represented. They are mild in their action and the results have been satisfactory. I value them highly." For sale by all dealers.
